PROGRAM DESCRIPTION

NEXT-STEP CONNECT showcases up to 10 host companies that welcome interested contractors to learn more about them. Contractors can sign up as a Host Contractor to share information about their business, or a Guest Contractor to learn from others.

Only contractor members of SITE are eligible to participate in the program.
Eligibility requirements are reviewed by the Board of Directors.

The program runs in eight-week cycles, and all participants are only committed to 8 weeks at a time. Host Contractors can commit to up to three, eight-week sessions per year. They can also sign up as guest contractors for the same eight-week session, but preference is given to those who are only signed up as guest contractors.

Host Contractors will have discretion on whom they would like to host, contingent upon the application of interest that they receive.
